From the Top of the Tower

BELT BUCKETS: David Epstein is taking orders for Anchorage Amateur Radio Club Personalized Call Sign Belt Buckets NOW! His telephone number is 272-2883.

34/94 AUTOPATCH: The AARC Board decided to open the autopatch. It was difficult for the control operators and they have enough to do. The board thought it would give the Club a better image if the autopatch was open.

BY1PK: Bob McKinnie visited China Radio Sport Association while he was in China last May. He found that BY1PK needed watt meter slugs for 2 Meters and 450. The AARC board voted to donate to the China station four slugs, two for 2 meters, one 10 watt slug and one 100 watt slug, and two for 450, one 10 watt slug and one 100 watt slug. This China station has all been donated. Bob has made contact with BY1PK and is over-seeing this project. Thanks Bob, AL7AW!

PUBLICITY CHAIRPERSON: Jay Jennings, KL7JGU, has accepted to position of Publicity Chairperson. Thanks Jay. I am looking forward to working with you.

STORAGE: The AARC need a place to store THINGS such as signs for events and equipment (things for repeaters and two teletypes) and donations for FLEA MARKET. If we don't have storage than we can't accept thing for Flea Market and that's BAD. We need a room ten foot by twenty foot that is a least partly heated and IS Dry. Please contact me, Daniel Stevens, KL7WM, at 272-1213. Jay would appreciate it.

WALK FOR HOPE: Bill Reiter, KL7ITI, is handling the Anchorage Walk For Hope. It will be on Saturday May 4, 1985. Meg Girard, KL7FHF, is handling the Eagle River Walk For Hope.

MOTHER'S DAY MESSAGES: The AARC Mother's Day Message gathering will be on May 4th and 5th. Bud Laws, KL7IBZ, and Bob McKinnie, AL7AW, are organizing it this year. We need lots of people the do this. We get about 3,000 messages and your help is needed not just at SEAR MALL, but at home too. We have to pass and deliver these messages. Get a hold of Bob or Bud and get the messages out.

FIELD DAY: J.D. Delancy, K1ZAT, and David Epstein, KL7LO, will be organizing Field Day. There are many thing to be done, so VOLUNTEER and make their job easier. J.D. says "Wait tell you see my T-SHIRT THIS YEAR! Can you top that David? We'll see.

NOMINATIONS: Has the nomination committee talked to you?? They're out there looking for Canidates to be announced at the May 3th Club meeting and voted on at the June 7th meeting.

DX CHAIRPERSON: The AARC needs a DX Chairperson to write a monthly acticle for the Newsletter. Please contact me, Daniel Stevens, KL7WM.

Daniel Stevens KL7WM

DANIEL STEVENS, KL7WM

HAMMING IT UP IN THE KITCHEN ...with NL7DF

HIGH RISE POPOVERS

(no one knows who started the unfounded rumor that popovers are risky or in any way a test of cookmanship. These can be easily made by anyone bright enough to read the recipe.)

Set the oven for 450. Grease 6 custard cups w/shortening (not oil), including the outside of the cup rims. Set them on a cooky sheet. In a bowl, dump:

1 cup unsifted flour
1/2 t. salt
2 eggs (just drop them in so they're staring at you with their big yellow eyes!)

1 cup milk

Beat this with an egg beater til it's just mixed - about 15 seconds. Fill cups half full. Bake for 25 min, then WITHOUT opening oven, lower the temp. to 400 and bake another 30 min. That's it. You'll have 6 splendid popovers, so golden brown and exuberantly puffed up that it's ALMOST embarrassing.

EXCELLENT EASY BANANA ICE CREAM

2 cups mashed bananas
1 1/2 c. buttermilk
1 - 9 oz Kool Whip
1 cup sugar
1 1/2 t. vanilla

Blend it thoroughly in the blender; pack into cartons and freeze.

KEEP

COOKIN'

BESS DAMM TOFFEE

(contributed by Mrs. Bess Damm of Wattchahootchee, Tenn.)

Butter 9" square pan. Pour in, spread evenly 1 c. chopped nuts.

Boil for 7 min: 1 cup firmly packed brown sugar & 3/4 c. butter. (250 to 266 degrees on thermometer)

Pour mixture over nuts. Sprinkle some semisweet choco chips - as many as you like on top; add a few more nuts. Press it all down firmly w/a piece of alum. foil. Then chill it and break into chunks.

I AM TIRED

YES, I'M TIRED. FOR SEVERAL YEARS I'VE BEEN BLAMING IT ON COMPUTERS, SOFTWARE, MONITORS, DISK DRIVES, CASSETTE DECKS, PRINTERS, POWERLINES, USER GROUPS, SPACE CADETS, UFO'S, TAXES AND RBBS SYSTEMS ALONG WITH A DOZEN OTHER MALADIES THAT MAKES ONE WONDER IF LIFE IS REALLY WORTH IT.

BUT NOW I FIND OUT, IT AIN'T THAT. THE POPULATION OF THIS COUNTRY IS 220 MILLION. 104 MILLION PEOPLE ARE RETIRED. THAT LEAVES 116 MILLION PEOPLE TO DO WORK. THERE ARE 75 MILLION WHO ARE ATTENDING SCHOOLS, WHICH LEAVES 41 MILLION PEOPLE TO DO WORK. OF THIS TOTAL, THERE ARE 22 MILLION PEOPLE EMPLOYED BY THE GOVERNMENT. SO THAT LEAVES 19 MILLION PEOPLE TO DO THE WORK. OF THIS TOTAL, 4 MILLION ARE IN THE ARMED FORCES, WHICH LEAVES 15 MILLION TO DO WORK. TAKE FROM THAT TOTAL THE 14,800,000 PEOPLE WHO WORK FOR STATE AND CITY GOVERNMENT AND THAT LEAVES 200,000 TO DO WORK. THERE ARE 188,000 PEOPLE IN HOSPITALS, SO THAT LEAVES 12,000 TO DO THE WORK. NOW, THERE ARE 11,998 PEOPLE WHO ARE IN PRISONS. THAT LEAVES JUST 2 PEOPLE TO DO ALL OF THE WORK. YOU AND ME. AND YOU'RE SITTING THERE READING THIS..NO WONDER I'M TIRED.

BY ERWIN GUNDLESFRITTER

(((DE KWSH SYSTEM 64))) 7.094 MHZ

VHF REPORT

HELLO AGAIN! WELL, LET'S SEE IN THE PAST MONTH WHAT NEW THINGS HAVE BEEN HAPPENING ON THE VHF/UHF SCENE.

THE FIRST THING - I WOULD LIKE TO THANK ALL THE FOLKS THAT DONATED TO KL7EM/R's REPEATER PROJECT. THIS EQUIPMENT IS BEING DONATED BY RUSS TO THE CLUB, FOR EVERYONES USE. VOLUNTEERS ARE STILL NEEDED TO WORK ON THE PROJECT. ONE OF THE PROJECTS HAS BEEN TAKEN CARE OF, AND THANKS GO TO ED COLE AL7EB, FOR A LOW VOLTAGE CIRCUIT. THERE IS AN ANOMOLY THAT OCCURS IN BATTERY POWERED REPEATERS THAT HAS BEEN DUBBED THE "ALASKAN SYNDROME". THIS OCCURS WHEN THE BATTERIES RUN DOWN BELOW THE POINT OF KEEPING THE SQUELCH CLOSED ON THE RECEIVER, WHEN THE SQUELCH OPENS IT CAUSES THE TRANSMITTER TO KEY UP, ADDING MORE DRAIN TO THE BATTERIES, AND CAUSING THE VOLTAGE TO DROP SO LOW THAT EVERYTHING STOPS. BUT WHEN THIS OCCURS, THE LOAD COMES OFF THE BATTERIES, AND THE VOLTAGE RISES AGAIN, USUALLY JUST TO THE SQUELCH POINT, AND THE PROCESS REPEATS ITSELF. OVER AND OVER AND OVER AND OVER AGAIN. WHAT THE USERS HEAR ON THE AIR IS, KERCHUNK, KERCHUNK, KERCHUNK, KERCHUNK, KERCHUNK, AD NAUSEUM. . . I'VE HAD REPEATERS DO THIS FOR WEEKS ON END; UNTIL A TECHNICIAN COULD GET TRANSPORTATION TO THE MOUNTAIN TO PUT THE SYSTEM OUT OF ITS MISERY. SOMETHING THAT WE WISH TO AVOID WITH RUSS'S REPEATER, AND ED'S CIRCUIT SHOULD HELP US TO AVOID THIS PITFALL. PLEASE - IF YOU HAVE ANY TALENTS AT ALL, RELATED TO BUILDING PROJECTS THAT WILL FACE HARSH ENVIRONMENTS, CONTACT RUSS, ALL HELP WILL BE GLADLY APPRECIATED.

SECOND SUBJECT, WE HAVE WHAT I HOPE IS A MISSING RADIO, AND SOMETHING THAT TAKES PERVERSE PLEASURE IN INTERRUPTING VALID, LICENSED COMMUNICATIONS. IF YOU HAVE A PATCH KNOCKED OUT FROM UNDER YOU, AND YOU WERE NOT (HEAVEN FORBID) DISCUSSING BUSINESS, AND YOU THINK THAT YOU MIGHT BE AT THE RECEIVING END OF THIS MALICIOUS INTERFERENCE . . . FIRST - DON'T LOSE YOUR COOL. THE SOMETHING INVOLVED SEEMS TO GET ITS KICKS FROM HEARING PEOPLE SCREAM. (SICK MINDS HAVE STRANGE PLEASURES!) CARRY ON AS IF YOU REALLY HAD INTENDED TO TAKE THE PATCH DOWN AT THAT PARTICULAR TIME, WAIT A FEW MINUTES, AND TRY AGAIN. TALKING ABOUT IT ON THE AIR ONLY FEEDS THE THINGS APPETITE. SECOND THING TO DO, ESPECIALLY IF THIS OCCURS AGAIN. . . CALL ONE OF THE CONTROL OPERATORS FOR THE REPEATER ON A REGULAR (YOU KNOW WIRE LINE) PHONE. WE HAVE A WAY AROUND THE ILLEGAL KNOCKDOWNS AND A CONTROL OPERATOR CAN ASSIST YOU IN KEEPING THIS THING FROM TAKING DOWN YOUR PATCH EVER AGAIN. WE ARE ALSO TAKING SOME OTHER PRECAUTIONS, WHICH I WON'T GO INTO HERE, BUT WITH TIME, SHOULD TERMINATE THIS THINGS SICK PLEASURES.

ON TO MORE PLEASANT THINGS--SUMMER IS REALLY COMING. NOW, REMEMBER THAT SUMMER IS FOR STAYING INDOORS AND WORKING ON YOUR EQUIPMENT. NEVER, NEVER EVEN CONSIDER WORKING ON THE ANTENNA SYSTEMS. THIS WORK IS BEST LEFT FOR THE MIDDLE OF WINTER, WHEN THE TEMPERATURE IS AT LEAST MINUS 10, WITH A MINIMUM OF A 25 KNOT WIND. WORKING ON ANYTHING RELATED TO ANTENNAS IN THE SUMMER CAN RESULT IN EXTREME DEHYDRATION, USUALLY TREATABLE WITH THE CONSUMPTION OF LARGE QUANTITIES OF COLD LIQUID, USUALLY FROM A GLASS BOTTLE OR METAL CAN. ALSO, ASSOCIATED WITH THE ABOVE, USUALLY COMES THE DREADED CASE OF SUNBURN! SO, I REALLY SUGGEST THAT YOU SAVE ALL THAT NASTY ANTENNA TYPE WORK FOR THE WINTER, AND GET OUT AND ENJOY THINGS LIKE FISHING, AND OTHER NON-AMATEUR RELATED ACTIVITIES....BUT JUST IN CASE YOU TAKE A RADIO ALONG WITH YOU, BE SURE TO TAKE SPARE BATTERIES, IN CASE YOU HAVE TO YELL FOR REFRESHMENT TO GET YOU OVER THE DEHYDRATION. JUST AS COLD WEATHER CAN ROB YOU OF OPERATING TIME, SO CAN HOT WEATHER - AND HEAT CAN CAUSE YOU A GREAT DEAL OF PROBLEMS WHEN IT COMES TIME TO RECHARGE YOUR BATTERY PACK. I HOPE TO BE ABLE TO PUBLISH A REPORT ON NICAD BATTERIES THAT I RECEIVED RECENTLY. I HAVE WRITTEN THE AUTHOR FOR PERMISSION AND EXPECT THAT IT WILL BE GRANTED. THIS ARTICLE WILL DISPELL SOME OF THE MYTHS SURROUNDING THE NICAD BATTERIES THAT WE ALL USE.

ELECTION TIME IS GETTING VERY CLOSE. REMEMBER IF YOU WANT A CHANGE IN THE DIRECTION OF THIS CLUB, OR EVEN IF YOU DON'T WANT ANYTHING TO CHANGE, NOW IS THE TIME TO VOTE FOR THE PEOPLE WHO WILL REPRESENT YOU IN THE COMING YEAR. IF YOU DON'T WANT TO TAKE THE TIME TO SUPPORT THE CLUB, THEN DON'T COMPLAIN ABOUT THE POLICIES OR HOW THE CLUB IS BEING OPERATED. WHAT IT REALLY BOILS DOWN TO IS - SUPPORT YOUR CLUB! GIVE OF YOUR TIME AND TALENTS. YOU'LL GET MUCH MORE OUT OF THIS CLUB IF YOU HELP. THOSE FOLKS OUT THERE WHO GRIPE ABOUT HOW THINGS ARE DONE, & THEN DON'T TAKE THE TIME TO HELP, ARE REALLY JUST BLOWING HOT AIR! THEY SHOULD PROBABLY CONSIDER GOING INTO POLITICS WHERE THEIR HOT AIR WILL JUST BLEND IN WITH ALL THE REST.

HAVE A NICE SUMMER AND WE JUST MIGHT BE AROUND THE BEND IN THAT RIVER THAT YOU PLAN TO PRACTICE YOUR FISHING SKILLS IN. KEEP YOUR HEAD LOW WHEN THE "HELO" GOES BY! (MY GUYS USUALLY FLY ABOUT 5 TO 10 FEET OFF THE DECK!)

INDIA'S NEW PRIME MINISTER IS A HAM!

The world mourns the tragic and senseless assassination of India's Indira Ghandi. It is interesting to note that her son, Rajiv and daughter-in-law, Sonia are both licensed amateur radio operators. (Call Book lists their address as: 1 Safdarjung Rd., New Delhi.)

Rajiv Ghandi, who succeeds his mother as the new Indian head-of-state is VU2RG (his initials) and his wife, VU2SON.

While we already have an amateur radio operator head-of-state (King Hussein is JY1 in Jordan), the Ghandi's are the first ham husband/wife head-of-state.

- Oregon Tualatin Valley ARC

A YL'S POINT OF VIEW

I guess I'll be writing this column for the next year. Please bear with me as I've never written anything before.

A little about myself... My name is Shari, call is AL7FJ. We, my husband, two sons, and myself have been in Alaska almost two years now. We love it! I got my novice license in January 1977 in Texas. Call was WD5BHP. In December 1977 I finally upgraded to General class, then Advanced in 1981. I'm an active traffic handler, been in Air Force Mars since 1978, a DX'er and avid 10-10'er. (when ten is open). Am also a member of YLRL, Young Ladies Radio League, and will be KL7 district chairman in 1986. More about that later for all you YL'S out there. I didn't have a picture to send in for this issue, maybe next time.

But now for more up-to-date news... Iditarod is over and it was quite a race to say the least. As usual many, many hams volunteered their services again this year and all did a great job. I would like to take this opportunity to list all the YL'S who helped, either at checkpoints or at headquarters. A "special" thanks to Rosemary Hanrath, KL7LA, who was the "mainstay", and once again did an excellent job. She is our "YL VOICE OF ALASKA", and Rosemary, from one YL to another, I'm very proud of you... Also a big "thanks" and "a job well done" to Lil Marvin, NL7DL, who had her hands full at headquarters... Other YL'S who did a great and important job were: KL7VY-Marge Austin, KL7VL-Sharon Dean, AL7CV-April Delancy, KL7PQ-Kirsten Petersen, KL7VT-Jean Bellfield, KL7QS-Martha Neeley, KL7ZY-Linda Nilson, KL7TL-Patsy Kletka, KL7IAF-Lorraine Conary,

KL7ZR-Catherine Engle, KA7NTN-Carolyn Bishop, KL7TJ-Maeve Ryan,
KL7ZH-Barbara Shive, KL7HO-Arlene Steward, NL7EA-Hannelore Kelliher,
KL7PA-Lone Janson, NL7AC-Debbie Soltis, NL7DM-Mary Laws, KL7L-Patty
Olsen, KB7TW-Pat Chaddock, NL7EI-Jennifer Nelson, KL7VD-Beth Assadi,
NL7DH-Carolyn Evans, KL7MC-Laron Glover, WL7AXI-Bev Faultersack,
KL7VF-Denise Slauson, and myself. I hope that I didn't leave anyone
out. If so, I apologize.

A big "congratulations" to our recent YL upgraders! LiI Marvin,
NL7DL and Diane Marshall, AL7FG, both to EXTRA!

At this time I'd like to thank Sharon, KL7VL, for a great job on
this column this past year. Thanks, Sharon, for keeping us so well
informed.

The next PARKA meeting will be on April 27th at 1:00 P.M. at the
Pioneer Home. Program at this time is undecided. All YL's, members or
not, are encouraged to attend.

I guess that is it for this month. Next month I'll tell you
about YLRL, and have a report on "WALK FOR HOPE". See you at the
meeting. 33,73&88,p

SIMPLE ATTENUATOR

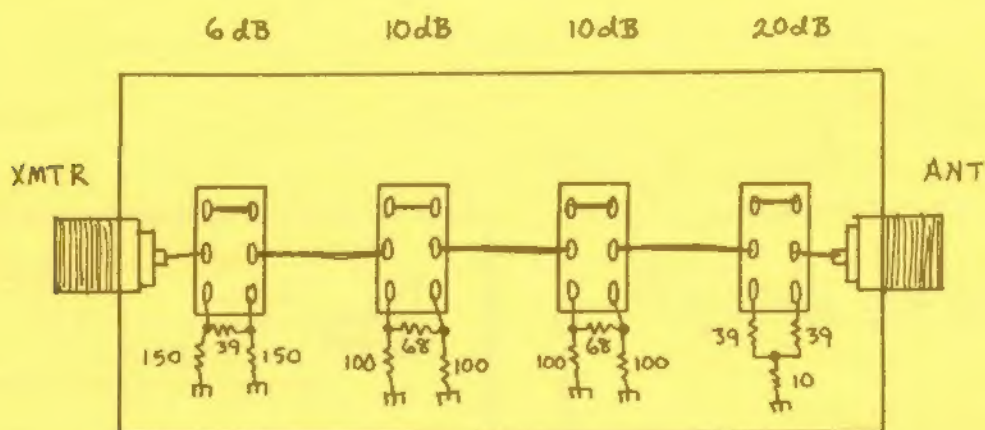

BY KEN WYATT - WA6TTY

Here are the plans for a simple attenuator system which can be used for direction finding work (fox hunting). One of the problems the fox hunter runs into, of course, is that as one approaches the vicinity of the transmitter, the signal strength becomes so overwhelming that the S-meter pins and one loses an important indicator of transmitter direction. An attenuator serves to reduce the signal level until the S-meter again reads in its linear region (becomes un-pinned!).

I have tried to use component values which are commonly available. This compromises the accuracy of the attenuator somewhat; however, it will still be useful as a means for reducing the signal level from a hidden transmitter. Next month, I will publish a BASIC program that will allow one to calculate the exact resistances given a specified attenuation. Assuming one has access to precision resistors, it is possible to construct an attenuator accurate to 0.5dB.

For this design, one will require three to four DPDT toggle switches, a metal enclosure, two coaxial connectors, and the resistors specified in the schematic. Use 1/4 or 1/2 watt resistors. Drill holes for the switches and connectors using the pictorial as a guide. Mount the hardware and solder the resistors as shown. Keep the leads short. For better accuracy, one might wish to isolate each individual attenuator section as shown in the ARRL Handbook design. For this purpose, shielding is not required.

When construction is complete, insert the attenuator between the radio and antenna. By toggling various combinations of switches, values of attenuation from 6 to 46 dB can be inserted. Avoid transmitting through the attenuator as it may become damaged at power levels exceeding two watts. As one approaches within about one mile from the transmitter, attenuation will be required. As one becomes very close, all the available attenuation may be required. Using a system consisting of a two element Yagi antenna and a step attenuator similar to that above, I have typically been able to easily locate the fox within an hour.

INLINE ATTENUATOR - Rear view

Resistances are in ohms. Make resistor ground connections via solder lugs to chassis

ANCHORAGE AMATEUR RADIO CLUB
GENERAL MEETING
April 5, 1985

The meeting was called to order at 7:13 P.M. by President Daniel Stevens KL7WM at the Lucy Cuddy Center on the ACC campus. Introductions and general announcements followed.

Bob McKinnie AL7AW, RACES (Radio Amateur Civil Emergency Service) coordinator, gave a brief description of RACES and its purpose, and introduced Jack Cervantes, Director, Office of Emergency Management, for the Municipality of Anchorage. Bob thanked those who had participated in the recent state SET (Simulated Emergency Test) and announced that the Municipality would be holding its SET this coming week, and asked for volunteers to help provide communications between the EOC, emergency shelters and the Blood Bank. Jack spoke about the State SET and the upcoming Municipal SET.

Jerry Smith, from the Red Cross, offered to provide the Club with a three hour disaster training seminar, to be held at the Club's convenience.

David Epstein KL7LO announced that he has resurrected the Club Belt Buckle Program and will be taking orders for buckles for the next month.

Daniel announced that the Dayton Hamvention would be held April 26-28 at Dayton, Ohio, and the Northwest Division Convention would be May 31-June 2 at Seaside, Oregon.

It was requested that ARRL membership renewals be made through the AARC, with checks made payable to AARC, so that the club can claim its \$2.00 credit for each new or renewal membership.

Activities Chairperson Mary Laws NL7DM reported that UAA wants to charge the club for use of its facilities, while the Lucy Cuddy Center on the ACC campus is available at no charge, as long as it is kept clean. The general members voted to continue holding meetings at the Lucy Cuddy Center.

John Bierman KL7GNP, Alaska QSL Bureau, reported that he had been able to obtain envelopes for mailing QSL cards for about the same price he had paid in the past, so the cost to individuals for Bureau service will not increase, except for the increased postage costs.

Russ Scott KL7EM announced that he had built a repeater operating on 145.27/144.67 which will be installed on Mt.

Susitna and should provide wide area coverage for Southcentral. Russ made a plea for duplexers, solar panels and batteries for the project. Fred Wegner KL7HFM passed the hat for donations and \$247. was collected.

VHF Chairman Doug Dickinson KL7IKX gave a short VHF report, during which he repeated that, by direction of the AARC Board of Directors, the standard autopatch functions on the 34/94 machine was closed to non-members, and that this policy would be enforced. The repeater will remain open to all users, and the emergency autodial functions will also be accessible. Doug also reported that the KL7EM machine was up and operating and that the Minchumina Link project was waiting for duplexers, which KL7WM is trying to get back from Tok.

Daniel announced that future Board meetings would be held at the Hope Cottages office at 2885 Bering Street on the second Wednesday of the month at 7:00 P.M.

A chairman is needed for the Alaska Women's Gold Nugget Tricathalon to be held on May 19.

The Chevron Alaska Health Fair has asked for volunteers to help at their booths and exhibits on April 16 & 17. Communications is not needed, but anyone desiring to help can contact Daniel for information.

Daniel reported that the Board of Directors approved a \$250 donation to Westlink.

A location for the Club locker has not been found. Club property is temporarily being stored by various club members.

A Life Membership Certificate was presented to A.E. Benson NL7EY, #119. Certificates were also presented, in absentia, to Dick Phelps K7TPN, #118, and Harry Gilmore KL7VB, #132. Membership Chairman J.D. Delancy K1ZAT also reported that there were 135 Life Members and 4 or 5 making payments on life membership. It was noted by Treasurer Fred Wegner KL7HFM that the money received from Life Memberships is invested by the club, and that earnings from interest exceed the cost of an annual club membership.

Fred expressed his views on the need for the Club to consider creating the position of Club Manager to oversee the daily operations of the club and to make sure that all the things that needed to be done got done in a timely manner. Fred noted that appointment to this position should run for several years at a time, in order to provide continuity from year to year.

Fred also suggested that the Club look into the possibility

of acquiring real estate so that it would have a place of its own for meetings, Flea Markets, parties, etc.

Daniel announced that \$250 had been donated to the Nunaka Valley Little League and that the Club had received a plaque in appreciation of last year's support.

A CW filter has been ordered for the Club's TS-430S.

Bob McKinnie AL7AW volunteered to co-chair this year's Mothers' Day event to be held on May 4 at the Sears Mall. A sign-up sheet for volunteers was circulated.

Walk for Hope Chairman Bill Reiter KL7ITI reported that all positions had been filled for Anchorage, but help might still be needed in Eagle River. John Spencer KL7GQQ announced that he will run the full distance and will be asking for pledges. Wilse Morgan KL7CQ will not be participating this year.

Bob AL7AW also announced that a Red Cross exercise would be held pertaining to HF and satellite communications between the headquarters in Burlingame, Ca., and all points in the western region, including Alaska. Bob will work on coordinating this exercise in Alaska.

Bud Laws KL7IBZ offered to co-chair the Mothers' Day event with Bob.

The program for the evening, interspersed with door prize drawings, was a recounting of Iditarod experiences by those who participated.

The meeting was adjourned at 9:35 P.M.

Attendance - 70

Respectfully submitted,

Lance Dunbar AL7BK
Secretary

BROOM-HILDA

ANCHORAGE AMATEUR RADIO CLUB
BOARD MEETING
March 20, 1985

Present: President Daniel Stevens KL7WM; Vice President Lorraine Conary KL7IAF; Activities Manager Mary Laws NL7DM; Secretary Lance Dunbar AL7BK; Treasurer Fred Wegmer KL7HFM; Trustee Bill Reiter KL7ITI; Board Members Martha Neeley KL7QS; J.D. Delancy K1ZAT; Mel Warner WL7J; Ed Tucker KL7DU; Fenton Rexford NL7BE. Absent Past President Wilse Morgan KL7CQ; Board Members Jim Larsen AL7FS, John Williams AL7CT, Jean Belfield KL7VT and Jay Jennings KL7JGU. Also present: VHF Chairman Doug Dickinson KL7IKX, David Epstein KL7LO and Steve Wilcox KL7JIM.

The meeting was called to order at 7:10 P.M. by President Daniel Stevens at the John Thomas Community Center.

The minutes of the previous Board and General meetings were read and accepted.

The financial report was circulated and discussed. There was no final report on the latest raffle, since all the figures were not yet in. The raffle committee will soon begin preparations for the Flea Market raffle.

David Epstein KL7LO will reinstitute the AARC Belt Buckle Purchase Program.

VHF Chairman Doug Dickinson KL7IKX gave a report on VHF and UHF activities and repeaters (see attached report). Items discussed included the 34/94 voting system, the Minchumina Link, a 'new' UHF repeater which will include the 'dit dit' controller, a KL7EM/R machine which will probably be installed on Mt. Susitna, Version 3 software for the 34/94 machine (a check was issued), the new antenna for the 90/30 machine is due later in April, the installation of a sub-audible encoder at KL7IS/R at Minchumina and a CTCSS decoder on the 34/94 machine to eliminate interference when KL7IS is working Fairbanks. Doug also plans to upgrade the power supply on the 34/94 machine.

Activities Manager Mary Laws NL7DM gave a short report on planned activities and expenditures for door prizes, etc. Mary announced that the program for the April meeting will be a discussion on traffic handling presented by Joe Kile NL7CP.

Membership Chairman J.D. Delancy K1ZAT reported the AARC membership as 317 paid members, 135 Life members, with a 69 % ARRL membership.

After a short discussion, it was decided to print a mini-roster in the near future.

The Board voted to hold future Board meetings at the Hope Cottages office at 2805 Bering Street at 7:00 P.M. on the 2nd Wednesday of each month.

Fred Wegmer KL7HFM made the motion that the Club donate \$250 to the Nunaka Valley Little League. Bill Reiter KL7ITI seconded, and the motion carried unanimously.

J.D. Delancy K1ZAT moved that the Club donate \$250 to Westlink, which was promptly seconded by Martha Neeley KL7QS. The motion carried unanimously.

It was announced that the Anchorage Community College's Affiliated Volunteers Annual Reception honoring outstanding volunteers in the community had been cancelled due to budget cuts.

A new location for the Club locker has not yet been found.

Mel Warner WL7J noted that TV coverage of the Hams' Fur Rendezvous activities was non-existent, and a discussion regarding public relations and Public Service Announcements via the media followed.

It was noted that the purchase of a digital voice recorder for the 34/94 machine had been authorized last year. The recorder will be ordered.

J.D. moved that the Club purchase a CW filter for the club's TS-430, since it is used quite a bit for CW operation and it appears that the club will be using it for some time to come. Lorraine Conary KL7IAF seconded the motion, which passed unanimously.

J.D. also suggested that the Club attempt to schedule the annual Mothers' Day Message event for the week before Mothers' Day so that the messages will have been delivered in time. Daniel will contact Sears Mall about the scheduling.

Ed Tucker KL7DU and Daniel Stevens KL7WM will look into the possibility of holding the annual Flea Market at the National Guard Armory on September 22 and 23. It was voted to table this item until further information is available.

There being no further business, the meeting was adjourned at 9:17 P.M.

Respectfully submitted,
Lance Dunbar AL7BK
Secretary

LETTERS TO THE EDITOR

IDITAROD POWER SUPPLY COMMENTS - WASILLA

THE THIRTEENTH IDITAROD IS FINISHED! CAN'T SAY IT WAS A LUCKY ONE EXCEPT FOR LIBBY - - AND, ISN'T SHE JUST GREAT?! A TRUE CHAMPION WHICH MAKES ANY VOLUNTEER PROUD TO HAVE PARTICIPATED.

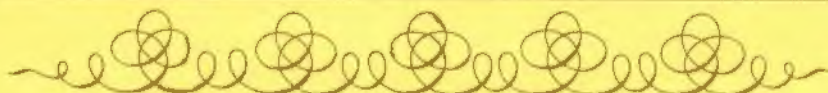

DO SYMPATHIZE WITH JERRY GANOPOL - WL7AME. AS NET CONTROL FOR THE ANCHORAGE HEADQUARTERS, HE SEEMED TO HAVE ENCOUNTERED MORE PROBLEMS THAN WE HAVE HEARD IN THE PAST 13 YEARS. IF IT WASN'T FOR BAD LUCK, HE WOULDN'T HAVE HAD ANY LUCK AT ALL. HOW CAN YOU SOAR LIKE AN EAGLE - - - - -? IN HIS LIST OF CONTACTS ("IDITIOT RAMBLINGS" - APRIL '85 ISSUE OF AARC NEWSLETTER), JERRY FAILED TO MENTION LACK OF HF CONTACTS THE DAY ANCHORAGE HEADQUARTERS OPERATED ON THE DUMMY LOAD - OR MAYBE HE WAS LUCKY AND NOT AT THE SWITCH THAT DAY.

ALL IN ALL, HF COMMUNICATIONS WERE REMARKABLY GOOD. STILL MISS THE DAYS OF CW CONTACTS (BOOM-BOOM) AND FAILED TO HEAR ANY ATTEMPT THIS YEAR, WITH THE EXCEPTION OF NOME.

ALL SORTS OF THINGS HAPPEN DURING THE IDITAROD CRUNCH, AND THE ABILITY TO RESPOND AS A TEAM, MAKES THE EFFORT ALL WORTHWHILE.

SEE YOU DOWN THE LOG - - - - -

DEL ES ROSEMARY
KL7JKW ES KL7LA

A GRATEFUL AND HEARTFELT THANKS TO ALL OF THE FOLLOWING FOR THEIR PARTICIPATION AND COOPERATION AT ANCHORAGE IDITAROD HEADQUARTERS:
